

Mr. Trudeau

I can't say how grateful we are for you and your team coming up and not only doing an outstanding job but going the extra step to add product with your own resources, to help further protect our students. It is very difficult to find organizational partners that truly have the safety of our students as their top priority; you clearly demonstrated through actions that you won't accept anything but what is the right thing to do. Glad to have you on our side!!! I look forward to continue to do business and share knowledge as it pertains to protecting our youth.

Very Respectfully,

Chad Bentzinger
